

# STONE ANCHORS

**Need QUALITY?**  
**Call METFAB!**

## No Tooling Charges For Custom Items

**METFAB** is ready to fabricate anchors, fasteners, plates, landing seats, shims, channels, beams, rods, threaded rods, flashing, washers, tubing, and struts to YOUR specifications.

**METFAB** has the personnel and machines to craft from stainless or carbon steel, or aluminum. Available finishes include zinc-rich primer, epoxy paint, and hot-dip or electroplate galvanized.

**METFAB** has the personnel and machines to anodize stainless steel anchors – available in a variety of colors including black, gold, and blue.

**METFAB** has the personnel and machines to supply complete anchor design, engineering and detailing (every state PE stamps).

**METFAB** has the personnel and machines to execute glass anchoring systems for fenestration, doorways, custom enclosures and the like. See these at other points in this brochure (and on our website), as well as the challenging fabrications we have already done for such national and international commercial glass suppliers as Schuco, Berkowitz and others.

**METFAB** has the personnel and machines to cut, shear, bend, weld – or fabricate in any other fashion – any metal anchor you need for your job. After fabricating it, we can finish it also as your needs require.

We offer remarkably fast lead times. Need 200 anchors overnight for tomorrow morning? We are your source! Fire up your fax machine and let us do the rest.
